

Mobile Home - SKL Music 2023 (Rock and Roll)

V1

Got suspension like a two star hotel mattress
Rust and holes like a firing range
Stale old smell from a clothing bin.
The way she threw me out was a shame and a sin,
Now this mobile homes on the road again.

V2

Got a shotgun rider with two strings down
She's an old Hummingbird but she's off the ground
Clear blue sky not a cloud around
And that Texas sun, keeps the window down
And this mobile homes on the road again

Chorus

Stopped to refuel late one night
Saw a couple havin' one big fight
“ Don't leave me Corina it's not want you think, “ just come inside,
we'll have another drink. “
with that kind of cry n moan
he needs a mobile home

V3

Well I thought we had it all, thought we had it made
But she was in my ear for years with “ music don't pay “
Sweet solitude n' silence, my new found friend
Now I don't mind if the lines never end, and forever I'll roam
in my mobile home

Chorus
