

Hornets Nest - SKL Music 2023 (Rock Shuffle)

V1

Cigarette burns
Lost in a smoke
Hiding black eyes
but the frames all broke
Glass in her hair
She put up a fight
but there's no one comin' baby
There ain't no white knight
Back to the beat again
Back to that old hornets nest

V2

Got an itch so bad
Got a black cat moan
And that old sugar daddy
Won't ever leave her alone
Tears running black
New lip on
Hiding her tracks
Where the money all goes
Back to the beat again
Back to that old hornets nest

Solo

V3

Flying so high
Might catch a star
Head spinning crazy
From a crying Guitar
Living on the edge
Of this old city blade
She thought she had it all
She thought she had it made
Back to the beat again
Back to that old hornets nest
