

When The Blues Is Bad, It's Bad - SKL Music 2023 (New Orleans feel)

V1

When a woman gets up and leaves you
You ain't got a dime and they bleed you
Your old couch and records now on the street
Been 5 long nights with nothin' to eat

V2

When there ain't much left but an old song
And the ones you've loved have all passed on
And that voice in your head won't leave you alone
Cryin' all night on that phone booth phone

Chorus

When the blues is bad, its bad (x3)

V3

When your bodies gettin' old and won't heal
And there ain't no doctor for the pain you feel
Just an empty glass that could of eased your mind
To take a little edge off, ain't no crime

V4

When the sky keeps snowing and won't stop
When your second home is the warm cop shop
You start itching now for that silver spoon
And your yellin' at no-one to tell you what to do

Chorus

When the blues is bad, its bad (x3)

It can't get much worse (Add lib)
So bad...
